The Members of the Governing Body present their Annual Report for the year ended 31 July 2012 under the Charities Act 2011 together with the audited consolidated financial statements for the year.

REFERENCE AND ADMINISTRATIVE INFORMATION

The Master and Scholars of Balliol College in the University of Oxford, which is known as Balliol College, ("the College") are a charitable body corporate having that name. The College was founded in the 13th century and is registered with the Charities Commission (registered number 1144032).

Changes in the Charities Act 2006 meant that the colleges of the University of Oxford were no longer exempt charities (effective 1 June 2010) and had to register with the Charities Commission. Balliol College registered from 28 September 2011.

The names of all Members of the Governing Body at the date of this report and of those in office during the year, together with details of the senior staff and advisers of the College, are given on pages 2 to 5.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing documents

The College is governed by its Statutes originally granted in 1282, and subsequently approved by the foundation deed of 1284. In their most recent version they stand as approved by Her Majesty in Council, 9 April 2008, in accordance with the 1923 Oxford and Cambridge Act. The process of registering as a charity revealed that the Statutes required a number of amendments, and work on this is well advanced.

Governing Body

The Governing Body is constituted and regulated in accordance with the College Statutes, which are as made from time to time by order of Her Majesty in Council in accordance with the Universities of Oxford and Cambridge Act 1923. The Governing Body holds to itself the responsibilities for the ongoing strategic direction of the College, for its administration and for the management of its finances and assets. It meets regularly under the chairmanship of the Master and is advised by a range of committees. The College enjoys the unique privilege of electing its own Visitor, a post currently occupied by the Right Honourable Lord Reed, PC.

Recruitment and training of Members of the Governing Body

New Members of the Governing Body are recruited as Fellows (Trustees), and are inducted into the workings of the College according to the nature of their Fellowship and by attending Governing Body meetings. The duties and responsibilities of Trustees are explained fully to incumbent Fellows and form part of the induction process.

Organisational management

The Governing Body understands the importance of being kept informed on current issues in the sector, and charity regulation and legislation form a regular part of Governing Body business. A new College office - the Fellow for Charity Matters - has been created to facilitate the flow of information in this area and a conflict of interests code has been agreed and now implemented. The members of the Governing Body meet nine times a year. The work of developing their policies and monitoring the implementation of these is carried out by three Committees:

- Tutorial Board is held nine times a year and all Tutorial Fellows are expected to attend. It deals with decisions about
 academic progress of individual students and has the power to decide many matters of academic policy, but for
 several years much of this work has been delegated to the Academic Committee.
- Academic Committee concentrates on academic policy and meets weekly during term. It has an approximately equal number of College Officers and non-officers as its membership. Full Academic Committee, which meets approximately once a term, includes student representation.
- Executive Committee deals primarily with the College's budget and its administration and meets weekly during term. It
 also has an approximately equal number of College Officers and non-officers as its membership and includes student
 representation.

Most other committees in College are sub-committees of either the Academic Committee or Executive Committee. There are however three important exceptions, and each of them report direct to meetings of the Governing Body (referred to as College Meeting within the College). The Financial Committee, on which two external members sit, deals with Fellows' salaries and academic related salaries. The Chapel and Patronage Committee overseas the College Chapel and the several ecclesiastical livings for which the College retains an historic responsibility. The Nominating Committee makes recommendations to College Meeting on who are to be College Officers and what membership of committees should be.

Report of the Governing Body

Year ended 31 July 2012

The day-to-day running of the College is overseen by the Master. Academic matters are delegated primarily to Dr N Trott (Academic Registrar and Senior Tutor) and administrative and financial matters to Mr R Collier (Finance Bursar) and Ms J Roadknight (Domestic Bursar).

Group structure and relationships

The College administers many special trusts and has one wholly owned non-charitable subsidiary, Balliol College Developments Ltd, which is a company providing conference and other event services on College premises whose annual profits are donated to the College under the Gift Aid Scheme.

The College is part of the collegiate University of Oxford. Material interdependencies between the University and the College arise as a consequence of this relationship.

Risk management

The College is engaged in risk assessment on an ongoing basis. When it is not able to address risk issues using internal resources, the College takes advice from experts external to the College with specialist knowledge. Policies and procedures within the College are reviewed by the relevant College Committee. Financial risks are assessed by the Executive Committee and investment risks are monitored by the Investment Committee. In addition, the Domestic Bursar and domestic staff heads meet regularly to review health and safety issues. Training courses and other forms of career development are available, when requested, to members of staff to enhance their skills in risk-related areas.

The Governing Body, who have ultimate responsibility for managing any risks faced by the College, have given consideration to the major risks to which the College and its subsidiaries are exposed and have concluded that adequate systems are in place to manage these risks. It is recognised that systems can provide only reasonable but not absolute assurance that major risks have been managed.

OBJECTIVES AND ACTIVITIES

Charitable Objects and Aims

The College's Objects are to advance education, religion, learning and research, and to be a College within the University of Oxford.

The Governing Body is mindful of the long-standing requirement to provide public benefit and of the disclosure requirements of the Charities Act 2011. In this connection the Governing Body has monitored closely the general guidance produced by the Charity Commission, in section 17 of the Charities Act 2011, and supplemental guidance produced by the Commission, in particular its public benefit guidance on advancement of education and on fee-charging.

The College's aims for the public benefit are:

To provide for members of the University of Oxford a college wherein they may participate in the educational facilities offered by, and study for degrees in, the University of Oxford.

To do all such other things as are incidental or conducive to advancing education, learning and research in Oxford or elsewhere.

The aims set for the College's subsidiary are to help finance the achievement of the College's aims as above.

Activities and objectives of the College

The College exists to advance education at both undergraduate and graduate levels; to facilitate and to encourage scholarship and research at the very highest levels; to promote excellence in learning; to maintain a chapel and chaplaincy, and to serve as patron to its numerous livings.

Public benefit

The College remains committed to the aim of providing public benefit in accordance with its Objects, and has continued to conduct its affairs during the year to 31 July 2012 in furtherance of these aims.

Education and Learning The College draws on its endowments and other income to provide undergraduate education in a wide range of subjects, within the context of the University of Oxford, to students recruited to the College on the basis of their academic record and promise. Balliol employs Tutors and Lecturers to teach them; administrative and pastoral staff to support them; and offers an array of academic and other educational facilities, including a Library, musical and theatrical spaces, diverse sporting facilities, and multiple environments for recreation, reflection, self-improvement, and debate. To advance the education of its students the College offers a wide range of bursaries and scholarships, many established by endowment, and operates a generous programme of hardship grants, awarded on the basis of financial

need by a Student Finance Committee. The oldest constituent college in the University of Oxford, Balliol occupies a beautiful and historic site in the middle of the city with buildings dating from the fifteenth century. The College is normally open daily to the public, with access to the grounds and (as practicable) to the main public spaces. A brief history to the College is available to visitors.

Numerous Balliol events are also open to the public, including services in Chapel, occasional lectures and talks, and, every Sunday evening during term a concert in the College Hall, continuing a tradition of Balliol concerts that began in 1885. Balliol has long sought to make a contribution to the wider educational world. It appoints (normally from among its Fellowship) a representative on the Court of the University of Bristol; Trustees to Blundell's School and to Ludlow College; Trustees to the Keith Rae Trust; Trustees to the Balliol Society (which supports the College's charitable activities); Trustees to the Balliol Educational Trust; and Trustees to the Chalet Trust.

Research The College materially supports the research of its academic staff by a programme of sabbatical leave from tutorial duties, and by making available reasonable funds to support academic pursuits, and to subsidise research and publication (Statutes VIII.5). At its annex in Holywell Manor, the College offers an academically stimulating home to a large and international community of graduate research students, admitted to their courses from a distinguished application by the University of Oxford. Graduate supervision is frequently undertaken by Fellows of the College. Holywell Manor offers a popular space for recreation, intellectual exchange, and debate.

The work of Balliol research students is additionally supported by a generous programme of graduate scholarships, many established by endowment, and the College makes numerous additional financial awards on the basis of need, administered by its Student Finance Committee. The College contributes to the research activity of the University by (for example) hosting the Oxford Internet Institute, and by administering the Numata Fund which supports Buddhist studies in Oxford.

The College has large and distinguished research collections under its curatorship, which it is pleased to make as fully available as possible. Its extensive collections of medieval and modern literary, political, and scientific papers are cared for in its specially constructed Historic Collections Centre at St Cross, Holywell. The Centre also houses the College's extensive Archives, a valuable source for historians of the nation as well as of Balliol and the University of Oxford. The College also cares for numerous paintings, especially portraits of former members; some pieces of silver, also mostly commemorative; and various objets d'art. The College has published several catalogues of its diverse holdings, in print and latterly on-line, and cataloguing continues. Bona fide researchers, including interested members of the public, are welcome to consult material in the College's care by appointment. The College has a liberal policy of lending items to exhibitions upon request.

Numerous scholarly projects have come to fruition with the College's ready collaboration, including (among others) editions of several medieval texts, editions of the poets Browning, Arnold, Clough, and Hopkins, and many other books and articles that demonstrate Balliol's ambitions to facilitate and extend scholarship and learning.

Religion The College maintains a Chaplaincy by Statute (VII.8), the Chaplain normally being a resident Fellow of the College. The Chapel offers services throughout the academic term which are open to the public. The College retains its position as Patron of twenty livings across England, a role which it assumes with proper diligence and care, keeping in close and supportive contact with its parishes, welcoming their representatives periodically to the College, and offering assistance in their activities as requested.

ACHIEVEMENTS AND PERFORMANCE

The year to 31 July 2012 saw into office both the new Master, Professor Sir Drummond Bone, and the new Visitor, the Right Honorable Lord (Robert) Reed. In the course of the year, the College elected to its Tutorial Fellowship Lisa Walker (Fixed-Term, Medical Sciences) and Manuela Zaccolo (Biomedical Sciences) and to its Professorial Fellowship James Belich (Beit Professor of Commonwealth & Imperial History) and Peter Tufano (Peter Moores Dean and Professor of Finance at Saïd Business School). Supernumerary Fellowship elections for 2011-12 were made for the George Eastman Visiting Professor Carl Wunsch (Oceanography), Winant Visiting Professor Michael Bailey (American government), and Oliver Smithies Visiting Fellows Luca Guidoni (Physics) and William Coleman (Economics). Elections were made to three-year Junior Research Fellowships of Andrew Pontzen (Astrophysics, Henry Skynner), Jane Kershaw (Archaeology), Jamie Warner (Materials), and Johannes Machielsen (History). In addition, the College hosted MIT Visitor Sandy Alexandre (English), Snell Visitor Ross Anderson (Law) and Oliver Smithies Lecturers Tom Campbell (Law), Ildar Garipzanov (History) and Yongding Yu (Economics).

Select honours and distinctions to Balliol Old Members: Lord Reed, Visitor, was appointed to the Supreme Court. Four Old Members were mentioned in the 2012 New Year's Honours List: Andrew Burnett (1970), Deputy Director of the British Museum, received a CBE for services to the British Museum and Numismatics; The Hon Dominic Asquith CMG (1975), formerly HM Ambassador, Egypt, received a KCMG; Graham Avery (1961), formerly Director of the European Commission, received a CMG for services to European affairs; John Barnard Bush OBE (1955), Lord-Lieutenant of

Wiltshire, received a CVO. Four more Old Members were mentioned in the Queen's Birthday Honours List in June 2012: in the Diplomatic Service list, the Rt Hon Sir Henry Brooke (1957), awarded a CMG, as President of the Slynn Foundation, for services to justice reform in Albania, and John Ramsay (Ray) Bremner (1975), awarded an OBE, as Senior vice-president, North East Asia and chairman, Unilever Japan, for services to corporate social responsibility and to the community in Japan; Professor Peter Skegg (1969), Professor of Law, University of Otago, made a Companion of the New Zealand Order of Merit (CNZM) for services to medical law, and Nicholas Hope (1965), made a Member of the Order of Australia. A further four Old Members were elected Fellows of the Royal Society: Professor Alasdair Houston (1969), Professor Chandrashekhar Khare (1989), Dr Julian Hart Lewis (1964) and Professor John McNamara (1968). Jeffrey Gettleman (1994) won a Pulitzer Prize for international reporting. Trevor Mundel (1987) was named president of the Gates Foundation's Global Health Programme. And Oxford's Wildlife conservation Research Unit (WildCRU), of which David Macdonald (1976) is the Director, was awarded The Queen's Anniversary Prize 2011.

Select honours and distinctions to current Balliol Fellows and tutors: Among the Fellows, Andrew Hurrell and Lyndal Roper were elected Fellows of the British Academy; and Timothy Wilson (Arts of the Renaissance), Dominic O'Brien and Robert Field (both Engineering Science), Rosalind Thomas (Greek History) and Ian Goldin (Globalisation and Development) were all awarded the title of Professor in the University's latest Recognition of Distinction exercise. Two Balliol Clinical Lecturers also recorded signal achievements: Robin Choudhury, recognised as Professor of Cardiovascular Medicine, and Martin Burton, appointed Director of the UK Cochrane Centre. Teaching awards were made to both Fellows and Lecturers: Adrian Kelly, Tutor in Ancient Greek, won the 'Most Acclaimed Lecturer in the Humanities' award in the first year of the Oxford Student Union Teaching Awards; and he also won an 'Excellence in Teaching Award' as voted for by the Balliol JCR. Sudhir Hazareesingh, Politics and International Relations, was short-listed for the OUSU 'Most Acclaimed Lecturer' category in the Social Sciences. Andre Lukas, Physics, was another recipient of a JCR Excellence in Teaching Award, as were two former Balliol graduates and sometime College Lecturers, Dr Martin Galpin (Chemistry) and Dr Helen Scott (Law). Adam Swift was appointed to a Chair in Political Theory at the University of Warwick, and resigned his Fellowship; and Tom Lambert, Departmental Lecturer in Early Medieval History, was appointed to a Bennett Boskey Career Development Fellowship at Exeter College, intended 'for an individual with outstanding academic potential at an early stage of their career'.

Select achievements of current Balliol students: *Frederick Wilmot-Smith*, 1st Year DPhil Law, was selected from over 100 applicants for an All Souls Prize Fellowship. Joshua Harvey (2008), 4th year Medic, won the Michael Pittilo Student Essay Award, a competition which is open to all healthcare students studying at undergraduate level or above. This year's theme was 'healthy ageing'. Ben Woolgar (2009), PPE, was victorious in the World Universities Debating Championships. A Balliol team beat Merton to win a place in the quarter-finals of University Challenge. Biologist Lucy King (2005) gained the UNEP/CMS Thesis Award on Migratory Species Conservation 2011. And in Varsity Judo, which saw Oxford overcome Cambridge, Balliol provided the captain for the men's team, Max Denning (2010) and a member of the women's team, Rebecca Bayliss (2009).

Achievements of Balliol institutions: The conversion of St Cross Church to the Balliol Historic Collections Centre won an Oxford Preservation Trust award plaque, and two awards from RIBA, while for the second time running, Balliol Day Nursery was judged to be Ofsted 'Outstanding' in all areas.

FINANCIAL REVIEW

For the year ended 31 July 2012, the College reported its seventh successive surplus after a number of years of deficits. This was due to continuing successes of fundraising, the increase in conference and functions business and the constant management of cost-savings and economy measures.

The College continues to carry-out forward looking financial exercises in order to improve its ability to identify and budget for its key cost items in future years. Whilst this gives some confidence that positive financial outcomes can be maintained in the very near term, it also underlines the financial burdens that colleges like Balliol will face in the future. Maintaining Balliol's academic excellence and the tutorial system — with all its advantages — will remain costly. Allowing more of the endowment to be used for academic purposes and the provision of scholarship and bursaries remains a commitment. A number of costs which the College cannot control, such as energy, food and utility bills are growing at rates in excess of our growth in income. The continuing expenses of maintaining all of Balliol's buildings represent an ongoing draw that we must manage for the near and long term future. Most critically, the likelihood of significant reductions in Government financial support to UK universities requires the College to be very cautious about the future and to anticipate ever greater financial pressures.

Reserves policy

The College's reserves policy is to maintain sufficient free reserves to enable it to meet its short-term financial obligations in the event of an unexpected revenue shortfall and to allow the College to be managed efficiently and to provide a buffer that would ensure uninterrupted services.

Investment policy, objectives and performance

The Investment Committee continues to review the strategy that the College put in place: generation of capital growth, risk reduction, diversification and the building of returns which reflect Balliol's financial requirements, and have seen a number of reasons to continue our existing strategies in 2012.

To meet these objectives the College's investments are managed on a total return basis, maintaining diversification across a range of asset classes in order to produce an appropriate balance between risk and return. Under the total return accounting basis, it is the Governing Body's policy to extract as income 4% of the value of the endowment. However to smooth and moderate the amounts withdrawn this 4% is calculated on the weighted and indexed average of the endowment over a four year period using the value as at the 31 March each year.

The College's invested assets generated a total gross return during the year to 31 July 2012 of 1% (2011: 8.5%). The greater part of the endowment is invested in well-diversified holdings in the capital markets; 54.8% is held with the Oxford Investment Partners which was created in 2006 as an investment office for a group of Oxford colleges seeking to achieve optimal risk-adjusted absolute returns from a diversified portfolio of assets, in addition 14.3% continues to be held in equity tracking funds with RCM and Morgan Stanley, 13.2% in a multi-asset class portfolio with Partners Capital, 7% invested in bond funds with Schroders, 6.2% in UK property by means of units in the Charities Property Fund, 3.0% in commodities with Deutsche Private Wealth and the remaining 1.5% is held in a range of smaller investments and cash.

Going forward, the Investments Committee will continue to monitor and review the portfolios, and will effect adjustments to it which best protect the College's financial position.

FUTURE PLANS

The core elements of the College's future plans are as follows;

- To continue its principal activity to provide, promote and engage in education, learning and research.
- To continue those activities which support the public benefit Objects.
- To improve the quality of all its provisions made by the College to its students, Fellows and others.
- · To conduct development activities in order to secure the long-term future of the College.

STATEMENT OF ACCOUNTING AND REPORTING RESPONSIBILITIES

The trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and the group and of the incoming resources and application of resources of the group for that period. In preparing these financial statements, the trustees are required to:

- · select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will
 continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Governing Body on 3rd December 2012 and signed on its behalf by:

Sir Drummond Bone (The Master)

Independent Auditors' Report to the Trustees of Balliol College

We have audited the financial statements of Balliol College for the year ended 31 July 2012 which comprise the Statement of Accounting Policies, the Consolidated Statement of Financial Activities, the Consolidated and College Balance Sheets, the Consolidated Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of trustees and auditor

As explained more fully in the Statement of Accounting and Reporting Responsibilities, the trustees are responsible for the preparation of financial statements which give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the charity's trustees as a body in accordance with section 144 of the Charities Act 2011 and regulations made under section 154 of that Act (Regulation 30 of The Charities (Accounts and Reports) Regulations 2008) and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the group's and parent charity's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; and the overall presentation of the financial statements. In addition, we read all the financial and nonfinancial information in the Annual Report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the parent charity's affairs as at 31 July 2012, and of the
 group's incoming resources and application of resources and cash flows, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011 and Regulation 15 of The Charities (Accounts and Reports) Regulations 2008.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities Act 2011 requires us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- sufficient accounting records have not been kept by the parent charity; or
- · the parent charity financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

PricewaterhouseCoopers LLP is eligible to act, and has been appointed, as auditor under Section 144(2) of the Charities Act 2011

Statement of Accounting Policies

Year ended 31 July 2012

1. Scope of the financial statements

The financial statements present the Consolidated Statement of Financial Activities (SOFA), the Consolidated and College Balance Sheets and the Consolidated Cash Flow Statement comprising the consolidation of the College and with its wholly owned subsidiary Balliol College Developments Ltd.

2. Basis of accounting

The financial statements have been prepared under the Charities Act 2011 and in accordance with the Statement of Recommended Practice on Accounting and Reporting by Charities issued in 2005 ("the Charities SORP"), as revised in May 2008, and applicable accounting standards in the United Kingdom. The financial statements are drawn up on a going concern basis under the historical cost basis of accounting as modified by the revaluation of other investments. The principal accounting policies, which have been consistently applied throughout the year, are set out below.

3. Basis of consolidation

The consolidated statement of financial activities, the consolidated balance sheet and the consolidated cash flow statement include the financial statements of the College and its subsidiary made up to 31 July 2012, using the equity method of accounting and uniform accounting policies. Intra group transactions are eliminated fully on consolidation.

4. Investment in subsidiary undertakings

Investments in subsidiary undertakings are recorded at cost plus incidental expenses less any provision for impairment. Impairment reviews are performed by the trustees when there has been an indication of potential impairment.

5. Incoming resources from fee income, HEFCE support and other charges for services

Fees receivable, HEFCE support and charges for services and use of the premises, less any scholarships, bursaries or other allowances granted by the College, but including contributions received from restricted funds, are accounted for in the period in which the related service is provided.

6. Incoming resources from donations and legacies

Voluntary income is accounted for when the College has entitlement to the funds, the amount can be reliably quantified and there is reasonable certainty of its ultimate receipt.

Voluntary income received for the general purpose of the College is credited to unrestricted funds.

Voluntary income which is subject to specific wishes of the donor is credited to the relevant restricted fund or, where the donation, grant or legacy is required to be held as capital, to the endowment funds. Where voluntary income is received otherwise than in cash, it is valued at the market value of the underlying assets received at the date of receipt.

7. Investment income

Interest on bank balances and fixed interest securities is accounted for in the period to which the interest relates.

Dividend income and similar distributions are accounted for in the period in which they become receivable.

8. Expenditure

Expenditure is accounted for on an accruals basis. Indirect expenditure is apportioned to expenditure categories based on the estimated amount attributable to that activity in the year, either by reference to staff time or the use made of the underlying assets, as appropriate. Irrecoverable VAT is included with the item of expenditure to which it relates.

Grants awarded are expensed as soon as they become legal or operational commitments.

Governance costs comprise the costs of complying with constitutional and statutory requirements.

Intra-group sales and charges between the College and its subsidiary are excluded from trading income and expenditure.

Statement of Accounting Policies

Year ended 31 July 2012

9. Tangible fixed assets

Major expenditure on the acquisition, construction or enhancement of land and buildings and expenditure on equipment costing more than £10,000 is capitalised and carried in the balance sheet at historical cost. The cost of tangible fixed assets is their purchase cost together with any incidental expenses of acquisition.

Other expenditure on equipment incurred in the normal day-to-day running of the College and its subsidiaries is charged to the Statement of Financial Activities as incurred.

10. Depreciation

Depreciation is provided to write off the cost of all relevant tangible fixed assets, less their estimated residual value, in equal annual instalments over their expected useful economic lives as follows:

Freehold land and buildings, including major extensions

50 years

Building improvements

10 - 30 years

Freehold land is not depreciated. The costs of maintenance is charged in the Statement of Financial Activities in the period in which it is incurred.

11. Investments

Listed investments are valued at their mid-market values as at the balance sheet date. Investments such as hedge funds and private equity funds which have no readily identifiable market value are included at the most recent valuations from their respective managers.

Gains and losses arising on the investments are credited or charged to the Statement of Financial Activities and are allocated to the appropriate Fund according to the "ownership" of the underlying assets.

12. Stocks

Stocks are valued at the lower of cost and net realisable value, cost being the purchase price on a first in, first out basis.

13. Foreign currencies

Transactions denominated in foreign currencies during the year are translated at prevailing rates of exchange at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates applying at the Balance Sheet date or, where there are related forward foreign exchange contracts, at the contract rates. The resulting exchange differences are taken to the Statement of Financial Activities.

14. Total Return investment accounting

The College statutes authorise the College to adopt a 'total return' basis for the investment of its endowment. The College can invest its endowments without regard to the capital/income distinctions of trust law and with discretion to apply any part of the accumulated total return on the investment as income for spending each year.

15. Fund accounting

The total funds of the College and its subsidiaries are allocated to unrestricted, restricted or endowment funds based on the origins of the funds and the terms set by the donors. Endowment funds are further sub-divided into permanent and expendable.

Unrestricted funds can be used in furtherance of the objects of the College at the discretion of the Governing Body. The Governing Body may decide that part of the unrestricted funds shall be used in future for a specific purpose and this will be accounted for by transfers to appropriate designated funds.

Restricted funds comprise gifts, legacies and grants where the donors have earmarked funds for specific purposes. They consist of *either* gifts where the donor has specified that both the capital and any income arising must be used for the purposes given *or* the income on gifts where the donor has required that the capital be maintained and the income used for specific purposes.

Permanent endowment funds arise where donors specify that the funds should be retained as capital for the permanent benefit of the College. Expendable endowment funds are similar to permanent endowment in that they have been given, or the College has determined based on the circumstances that they have been given, for the long term benefit of the College. However, the Governing Body may at their discretion determine to spend all or part of the

Balliol College Statement of Accounting Policies Year ended 31 July 2012

capital. Any income arising from the capital will be accounted for as unrestricted funds unless the donor has placed restricted the use of that income, in which case it will be accounted for as a restricted fund.

16. Pension costs

The costs of retirement benefits provided to employees of the College through two multi-employer defined benefit pension schemes are accounted for as if these were defined contribution schemes in accordance with the requirements of FRS 17. The College's contributions to these schemes are charged in the period in which the salaries to which the contributions relate are payable.

The College is liable to be assessed for Contribution under the provisions of Statute XV of the University of Oxford. The Contribution Fund is used to make grants and loans to colleges on the basis of need. Contribution is calculated annually in accordance with regulations made by the Council. The teaching and research costs include College Contribution payable of £94k (2011 - £94k).

The College has substantial long-held historic assets all of which are used in the course of the College's teaching and research activities. These assets do not fall within the scope of FRS30 Heritage Assets and comprise listed buildings on the College site, together with their contents comprising works of art, ancient books and manuscripts and other treasured artefacts. Because of their age and, in many cases, unique nature, reliable historical cost information is not available for these assets and could not be obtained except at disproportionate expense. However, in the opinion of the Trustees the depreciated historical cost of theses assets is now immaterial. Houses and flats belonging to the College are intrinsically linked to the College, so it is not considered appropriate to give a separate valuation of these properties.

12 SUBSIDIARY UNDERTAKINGS

The College holds 100% of the issued ordinary share capital in Balliol College Developments Limited, a company providing conference and other event services on the College premises. The results of the subsidiary and its assets and liabilities at the year end were as follows.

| | £000 |
|---|-------------------------|
| Turnover Expenditure Donation to College under gift aid | 1,103 (976) (127) |

13 STATEMENT OF INVESTMENT TOTAL RETURN

The College operates a Total Return policy to investments, with freedom to invest endowed funds to maximise total return and to apply an appropriate portion of the unapplied total return to income each year. Each year 4% of the weighted and indexed average of the endowment investments over a four year period, using the value as at 31 March each year, is transferred to income. The overall movement in unapplied total return was as follows:

| | Permanent Endowment £'000 | Expendable Endowment £'000 | Total £'000 | |

20 TRUSTEES' REMUNERATION

Trustee remuneration

The trustees of the college comprise the Governing Body, primarily fellows who are teaching and research employees of the college and who sit on the governing body by virtue of their employment.

No trustee receives any remuneration for acting as a trustee. However, those trustees who are also employees of the college receive salaries for their work as employees. Where possible, these salaries are paid on external scales and often are joint arrangements with the University of Oxford.

The Financial Committee, on which two external members sit, deals with all matters relating to fellows and academic related salaries and benefits.

Trustees of the college fall into the following categories:

Professorial fellow, tutorial fellow, research fellow and supernumerary fellow.

There are also four trustees who work on management and fundraising, the Head of House, Senior Tutor/Academic Regsitrar and Development Director who all work full-time, and the Finance Bursar who is part-time.

Some trustees, particularly tutorial fellows, are eligible for college housing schemes. Sixteen trustees live in houses owned by the college. Others may be eligible for a housing allowance which is disclosed within the salary figures below.

Some trustees receive additional allowances for additional work carried out as part time college officers, eg Dean Vice-Master, Tutor for Admissions. These amounts are included within the remuneration figures below. The total remuneration, taxable benefits and pension contributions as shown below is £1,443,423 (2010-11 £1,509,908). The total of pension contributions is £175,824 (2010-11 £181,048).

22 trustees (2011: 17 trustees) are not employees of the college and do not receive remuneration.

All trustees, together with other senior employees, are eligible for private health insurance as part of their package of remuneration and all trustees may eat at common table, as can all other employees who are entitled to meals while working.

Trustee expenses

Four fellows were paid travel expenses for travel to trustee or other meetings (for example meetings in London in relation to college investments). The total cost of these expenses was £952 (2010-11 £560).

21 PENSION SCHEMES

The College participates in the Universities Superannuation Scheme ("the USS") and the University of Oxford Staff Pension Scheme ("the OSPS") on behalf of its staff. Both schemes are contributory defined benefit schemes (i.e. they provide benefits based on length of service and final pensionable salary) and are contracted out from the State Second Pension Scheme. The assets of USS and OSPS are each held in separate trustee-administered funds.

Both schemes are multi-employer schemes and the College is unable to identify its share of the underlying assets and liabilities of each scheme on a consistent and reasonable basis. Therefore, as required by the accounting standard FRS17 "Retirement Benefits", the College accounts for the schemes as if they were defined contribution schemes. As a result, the amount charged to the Statement of Financial Activities represents the contributions payable to the schemes in respect of the accounting period.

In the event of the withdrawal of any of the participating employers in USS, the amount of any pension funding shortfall (which cannot be otherwise recovered) in respect of that employer will be spread across the remaining participating employers and reflected in the next actuarial valuation of the scheme. However, in OSPS, the amount of any pension funding shortfall in respect of any withdrawing employer will be charged to that employer.

The Schemes are periodically valued by qualified actuaries. Both USS and OSPS were valued using the "projected unit" method, embracing a market value approach. The resulting levels of contribution take account of actuarial surpluses or deficits in each scheme. The financial assumptions were derived from market conditions prevailing at the valuation date. The assumptions which have the most significant effect on the results of the latest valuations and the determination of the contribution levels were as follows.

USS: The latest actuarial valuation of the scheme was at 31 March 2011. It was assumed that salary increases would be 4.4% per annum and pensions would increase by 3.4% per annum for the three years to 31st March 2014, then 2.6% a year thereafter. In relation to past service liabilities it was assumed that the valuation rate of interest would be 6.1% per annum, and in realtion to future service liabilities it was assumed that the valuation rate of interest would also be 6.1% per annum.

OSPS: The latest actuarial valuation of the scheme was at 31 March 2010. It was assumed that salary increases would be 4.7% per annum and pensions would increase by 3.7% per annum. It was assumed that the valuation rate of interest would be 7.0% per annum in relation to the period up to retirement and 5.0% per annum in relation to the period after retirement.

USS

The USS actuarial valuation as at 31 March 2011 identified a funding deficit of £2,910m. The USS Joint Negotiating Committee has proposed, and USS has implemented with effect from 1 October 2011, a package of changes, including the admission of new memebrs into a Career Revalued Benefits section. The changes are required to ensure the future sustainability of the Scheme. Further details about the changes may be reviewed on USS' website, www.uss.co.uk After allowing for those changes, the actuary established a long term employer contribution rate of 12.6% of total pensionable salaries for the 2011/12 year, reducing over time. USS agreed with the Universities UK, on behalf of all the employers participating in the scheme, to address the deficit by continuing the employer contribution rate at the previously agreed rate of 16% of total pensionable salaries (this being the rate paid by the employers since 1 October 2009) until 31 March 2017, following which the employers will pay an additional 2% of salaries in excess of the blended employer future service cost of accruals. The actuary has certified that the additional contribution should eliminate the deficit by 31 March 2021. The pension charge recorded by the College during the accounting period was equal to the contributions payable of £226,238 (2011 : £218,960).

OSPS

The latest actuarial valuation of the OSPS was carried out at 31 March 2010 and identified a required long-term employer contribution rate of 18.2% of total pensionable salaries, but also a funding deficit of £82.4m. The University, on behalf of all the employers participating in the scheme, has agreed with the trustees of OSPS to address this deficit by continuing the employer contribution rate at the previously agreed rate of 21.5% of total pensionable salaries (this being the rate paid by the employer since 1 August 2008). The actuary has certified that the additional contribution should eliminate the deficit by 31 March 2027. In addition, the University has agreed to close the scheme to future final salary accrual, transferring all members onto a Career Revalued benefits structure with effect from 1 January 2013. Further details may be seen on the Schemes' website, www.admin.ox.ac.uk/finance/pensions/osps/

The pension charge recorded by the College during the accounting period was equal to the contributions payable of £312,109 (2011; £328,563).

22 TAXATION

The College is able to take advantage of the tax exemptions available to charities from taxation in respect of income and capital gains received to the extent that such income and gains are applied to exclusively charitable purposes. No liability to corporation tax arises in the College's subsidiary company because the directors of this company have indicated that they intend to make donations each year to the College equal to the taxable profits of the company under the Gift Aid scheme. Accordingly no provision for taxation has been included in the financial statements.

25 FINANCIAL COMMITMENTS

At 31 July the College had no annual commitments under non-cancellable operating leases.

26 CAPITAL COMMITMENTS

The College had no contracted commitments at 31 July for future capital projects.

27 RELATED PARTY TRANSACTIONS

The College is part of the collegiate University of Oxford. Material interdependencies between the University and of the College arise as a consequence of this relationship. For reporting purposes, the University and the other Colleges are not treated as related parties as defined in FRS8 ("Related party disclosures").

Members of the Governing Body, who are the trustees of the College and related parties as defined by FRS 8, receive remuneration and facilities as employees of the College. Details of these payments and reimbursed expenses as trustees are disclosed separately in these financial statements.

At the balance sheet date Balliol College held a 13.5% (2011: 13.5%) interest in Oxford Investment Partners Limited (OXIP) a fund management company. The Finance Bursar of Balliol College, who is a member of the Governing Body, was a non-executive director of that company. Balliol College also held an investment valued in its balance sheet at £37,264k (2011: £37,455k) in a fund of funds managed by OXIP.
