Harris Manchester College
Report of the Governing Body
For the year ended 31 July 2014

The members of the Governing Body of Harris Manchester College present their Annual Report for the year ended 31 July 2014 under the Charities Act 2011 together with the audited financial statements for the year.

Reference and administrative information

The Principal and Fellows of the Manchester Academy and Harris College in the University of Oxford, commonly known as Harris Manchester College, Oxford is a chartered charitable corporation. It was founded in 1786 and granted a Royal Charter by Queen Elizabeth II on 12th January 1996. The College has been registered with the Charities Commission since 26th July 2011 and its registered charity number is 1143087

The names of all Members of the Governing Body at the date of this report and of those in office during the year, together with details of the senior staff and advisers of the College, are given on pages 1 to 2.

Structure, Governance and Management

Governing documents

The College is governed by its Charter and Statutes dated 12 January 1996

Governing Body

The Governing Body is constituted and regulated in accordance with the College's Charter and Statutes, the terms of which are enforceable by the Visitor, Sir Eric Anderson KT.

New members of the Governing Body are elected on the basis of their contribution to the College and the University of Oxford

The Governing Body determines the ongoing strategic direction of the College and regulates its administration and the management of its finances and assets. It meets regularly under the chairmanship of the Principal and is advised by three committees.

Recruitment and training of Members of the Governing Body

New Members of the Governing Body are recruited by new academic appointments or from existing Fellows and are inducted into the workings of the College, including Governing Body policy and procedures, by instruction

Members of the Governing Body attend external trustee training and information courses to keep them informed on current issues in the sector and on regulatory requirements.

Organisational management

The members of the Governing Body meet 9 times.

The work of developing their policies and monitoring the implementation of these is carried out by three Committees:

- The Investment Committee
- The Management Committee
- The Remuneration Committee

Group structure and relationships

The College also administers two special trusts, Daniel Jones Trust and Samuel Jones Trust

The College has no subsidiary or associated undertakings.

The College is part of the collegiate University of Oxford. Material interdependencies between the University and the College arise as a consequence of this relationship

Risk management

The College is engaged in risk assessment on an ongoing basis. When it is not able to address risk issues using internal resources, the College takes advice from experts external to the College with specialist knowledge. Policies and procedures within the College are reviewed by the relevant College Committee, chaired by the Principal. Financial risks are assessed by the Bursar and Governing Body and investment risks are monitored by the Investment Committee. The Bursar and domestic staff heads meet regularly to review health and safety issues. Training courses and other forms of career development are available, when requested, to members of staff to enhance their skills in risk-related areas.

The College have given consideration to the major risks to which the College is exposed and have concluded that adequate systems are in place to manage these risks. It is recognised that systems can provide only reasonable but not absolute assurance that major risks have been managed.

OBJECTIVES AND ACTIVITIES

Charitable Objects and Aims

The Governing Body is mindful of the long-standing requirement to provide public benefit and of the disclosure requirements of the Charities Act 2011. In this connection the Governing Body has monitored closely the general and supplemental guidance produced by the Charity Commission, in particular its public benefit guidance on advancement of education and on fee-charging.

The College's aims are:

- To advance learning, education and research in the arts and sciences within the University;
- To provide for men and women who shall be members of the University and from whom no test or confession of faith will be required:
 - i) A College in which they may work for degrees, diplomas and certificates of the University for the purpose of their engaging in advanced and other study and the conduct and publication of research; and
 - ii) Preparatory instruction for the learned professions and for civil and commercial life;
 - iii) A full and systematic course of education and training of Ministers of Religion, having regard especially to the Ministries of the General Assembly of Unitarian and Free Christian Churches in our United Kingdom and of the Non-Subscribing Presbyterian Church of Ireland
- To promote the Christian religion in its simplest and most intelligible form, and in particular the traditions of English Rational Dissent.

Harris Manchester College
Report of the Governing Body
For the year ended 31 July 2014

Activities and objectives of the College

The College's principal activity, as specified in the Royal Charter, is the teaching of undergraduate and graduate students, over the age of 21 years, for first degrees and higher degrees of the University of Oxford.

Other significant activities during the year have included:

- Undertaking research in a wide range of subjects, including philosophy, law, history, economics, science and theology.
- Providing courses and facilities for other educational institutions, including local secondary schools, chaplains to Her Majesty's Armed Forces and Universities.
- Holding courses in English, Mathematics, Science, and the teaching of gifted children, for teachers from Inner London Schools.
- Providing meeting facilities for some other charities such as churches, the Farmington Trust and the Winston Churchill Memorial Trust, Music at Oxford and the Methodist Church.
- Making provision for the use of the College Chapel by an independent trust to conduct weekly services of worship. The use of the College Chapel for concerts open to the public, arranged by the College's organ scholar or Music at Oxford.

The provision of bursary support

Through the provision of scholarships, bursaries and hardship grants the College endeavours to assist Harris Manchester students who may have financial difficulties, to help meet the costs of College and University fees and accommodation. Each case is considered individually.

Public benefit

The College remains committed to the aim of providing public benefit in accordance with its founding principles.

Achievements and Performance

- Twenty graduate students were awarded a Doctoral degree from the University of Oxford.
- Four students were awarded a Post Graduate Certificate in Education.
- Sixteen students were awarded Masters Degrees, six with distinction.
- Twenty seven students graduated with a Bachelor of Arts honours degree, of which nine were awarded first class honours degrees. Seventeen were awarded an upper second honours degree and one student was awarded a lower second class honours degree.
- Four students qualified as medical doctors.
- The College has completed the building of the new Siew Sngiem Clock and Bell Tower that has five new student rooms.
- The College has nearly completed the renovations of three 17th century houses on Holywell Street. Number 29 is being completed by the end of December 2014.
- Planning permissions have been granted for a small private dining room
- Appointed 3 new teaching fellows

Harris Manchester College
Report of the Governing Body
For the year ended 31 July 2014

FINANCIAL REVIEW

The College ended the year with a surplus of £16k on unrestricted funds compared with a surplus of £38k in 2013. Income for the year was £3.00m (£3.93m in 2013) of which £1.45m was from charitable activities, £1.45m from legacies and donations and £0.10m from investments. Expenditure on charitable activities was £2.29m

Reserves

The College's reserves policy is to maintain sufficient free reserves to enable it to meet its short-term financial obligations in the event of an unexpected revenue shortfall and to allow the College to be managed efficiently and to provide a buffer that would ensure uninterrupted services.

The deficit on general reserves at the end of the year had decreased to £(500)k, from £(516)k in 2013. The historic deficit arises from the accounting treatment of the College's fund balances on adoption of the Statement of Recommended Practice (SORP): Accounting for Further and Higher Education, and excludes all specific funds relating to the endowment and deferred capital in relation to the previously titled 'Building Fund'.

Designated reserves at the year-end comprised £1.9m for future costs of replacement and maintenance of college functional buildings and includes the value of fixed assets of the College purchased out of general reserves

Investment policy, objectives and performance

The College's investment objectives are to balance current and future beneficiary needs by:

- maintaining (at least) the value of the investments in real terms;
- producing a consistent and sustainable amount to support expenditure; and
- delivering these objectives within acceptable levels of risk.

To meet these objectives the College's investments as a whole are managed on a total return basis, maintaining diversification across a range of asset classes in order to produce an appropriate balance between risk and return. In line with this approach, the College's statutes allow the College to invest permanent endowments to maximise the related total return and to make available for expenditure each year an appropriate proportion of the unapplied total return.

The investment strategy, policy and performance is monitored by the Investment Committee. At the year end, the College's long term investments, combining the securities and property investments totalled £6.808m.

Under the total return accounting basis, it is the Governing Body's policy to extract as income up to 4% of the value of the relevant investments at the year end.

FUTURE PLANS

The College's future plans as agreed by the Governing Body are set out in the College Development Plan.

The core elements of this are:

- to continue to provide the best possible education for mature students of the University of Oxford
- to provide increased study space for tutors in order to increase the research community of the College
- to increase the number of rooms available for student residents and to continue with our programme of improving existing facilities
- to ensure through the provision of scholarships, bursaries and grants that finance is not a prohibitive factor in a student's decision to study at HMC.

Specific development plans have been agreed for the separate departments within the College to ensure that the College continues to enhance its ability to provide a first-class education.

Harris Manchester College
Report of the Governing Body
For the year ended 31 July 2014

STATEMENT OF ACCOUNTING AND REPORTING RESPONSIBILITIES

The Governing Body is responsible for preparing the Report of the Governing Body and the financial statements in accordance with applicable law and regulations.

Charity law requires the Governing Body to prepare financial statements for each financial year in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards) and applicable law.

Under charity law the Governing Body must not approve the financial statements unless they are satisfied that give a true and fair view of the state of affairs of the College and of its net incoming or outgoing resources for that period.

In preparing these financial statements, the Governing Body is required to:

- select the most suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the College will continue to operate.

The Governing Body is responsible for keeping proper accounting records that are sufficient to show and explain the College's transactions and disclose with reasonable accuracy at any time the financial position of the College and enable them to ensure that the financial statements comply with the Charities Act 2011. They are also responsible for safeguarding the assets of the College and ensuring their proper application under charity law and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Governing Body on 26 November 2014 and signed on its behalf by:

Rev Dr R Waller
Principal

Dr E Eve
Secretary

Harris Manchester College
Independent Auditors Report to the Members of the Governing Body
For the year ended 31 July 2014

**REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF THE
GOVERNING BODY OF HARRIS MANCHESTER COLLEGE**

We have audited the financial statements of Harris Manchester College for the year ended 31 July 2014 which comprise the Statement of Accounting Policies, the Consolidated Statement of Financial Activities, the Consolidated and College Balance Sheets, the Consolidated Cash Flow Statement and the related notes numbered 1 to 29.

This report is made solely to the College's Governing Body, in accordance with the section 154 of the Charities Act 2011. Our audit work has been undertaken so that we might state to the Governing Body those matters we are required to state to it in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the College and the College's Governing Body, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF THE GOVERNING BODY AND AUDITORS

As explained more fully in the Statement of Accounting and Reporting Responsibilities, the Governing Body is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the charity's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Governing Body; and the overall presentation of the financial statements.

We read all the information in the Report of the Governing Body to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Harris Manchester College
Independent Auditors Report to the Members of the Governing Body
For the year ended 31 July 2014

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the charity's affairs as at 31 July 2014 and of the group's incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where Charities Act 2011 requires us to report to you if, in our opinion:

- the information given in the Report of the Governing Body is inconsistent in any material respect with the financial statements; or
- sufficient accounting records have not been kept by the parent charity; or
- the financial statements are not in agreement with the accounting records and returns;
- we have not received all the information and explanations we require for our audit.

Harris Manchester College
Statement of Principal Accounting Policies
For the year ended 31 July 2014

Basis of accounting

The financial statements have been prepared under the Charities Act 2011 and in accordance with the Statement of Recommended Practice on Accounting and Reporting by Charities issued in 2005 ("the Charities SORP") and applicable accounting standards.

The financial statements are drawn up on the historical cost basis of accounting as modified by the revaluation of investment properties and other investments.

The accounts of the affiliated student bodies (Harris Manchester College Junior and Middle Common Rooms) have not been consolidated because the College does not control these activities.

Incoming resources from fee income, HEFCE support and other charges for services

Fees receivable, HEFCE support and charges for services and use of the premises, less any scholarships, bursaries or other allowances granted by the College, but including contributions received from restricted funds, are accounted for in the period in which the related service is provided.

Incoming resources from donations and legacies

Voluntary income is accounted for when the College has entitlement to the funds, the amount can be reliably quantified and there is reasonable certainty of its ultimate receipt.

Voluntary income received for the general purpose of the College is credited to unrestricted funds.

Voluntary income which is subject to specific wishes of the donor is credited to the relevant restricted fund or, where the donation, grant or legacy is required to be held as capital, to the endowment funds. Where donations are received otherwise than in cash, they are valued at the market value of the underlying assets received at the date of receipt.

Expenditure

Expenditure is accounted for on an accruals basis. Indirect expenditure is apportioned to expenditure categories based on the estimated amount attributable to that activity in the year, either by reference to staff time or the use made of the underlying assets, as appropriate. Irrecoverable VAT is included with the item of expenditure to which it relates.

Grants awarded are expensed as soon as they become legal or operational commitments.

Governance costs comprise the costs of complying with constitutional and statutory requirements.

Pension costs

The costs of retirement benefits provided to employees of the College through two multi-employer defined pension schemes are accounted for as if these were defined contribution schemes in accordance with the requirements of FRS 17. The College's contributions to these schemes are charged in the period in which the salaries to which the contributions relate are payable.

Tangible fixed assets

The cost of major renovation projects which increase the service potential of buildings is capitalised and depreciated over applicable periods, once a project is completed.

Donations received to finance the acquisition of tangible fixed assets are treated as deferred.

Works of art and other valuable artefacts that can be regarded as inalienable are not included in the Financial Statements.

Harris Manchester College
Statement of Principal Accounting Policies
For the year ended 31 July 2014

Depreciation

Depreciation is provided to write off the cost of all relevant tangible fixed assets, less their estimated residual value, in equal annual instalments over their expected useful economic lives as follows:

Freehold properties, including major extensions	50 years
Equipment	5 years

Freehold land is not depreciated. The cost of freehold land associated with the main historic site is not included in the balance sheet, but is unlikely to be material.

Investments

Listed investments held as endowment asset investments are stated at market value. Other investments are stated at the lower of cost and net realisable value.

Surpluses or deficits arising on the revaluation or realisation of endowment asset investments are added to or subtracted from the funds concerned.

Interest on bank balances and fixed interest securities is accounted for in the period to which the interest relates.

Stocks

Stocks are stated at the lower of their cost and net realisable value. Where necessary, provision is made for obsolete, slow moving and defective stocks.

Maintenance of premises

The cost of routine corrective maintenance is charged to the income and expenditure account in the period it is incurred.

Foreign currencies

Transactions denominated in foreign currencies are recorded at the rate of exchange ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into sterling at year-end rates of exchange or, where there are related forward foreign exchange contracts, at contract rates. The resultant exchange differences are taken to the Statement of Financial Activities.

College Contribution Scheme

The College is liable to be assessed for Contribution under the provisions of Statute XV of the University of Oxford. The Contribution Fund is used to make grants and loans to colleges on the basis of need. Contribution is calculated annually in accordance with regulations made by Council.

Fund accounting

The total funds of the College are allocated to unrestricted, restricted or endowment funds based on the origins of the funds and the terms set by the donors. Endowment funds are further sub-divided into permanent and expendable.

Unrestricted funds can be used in furtherance of the objects of the College at the discretion of the Governing Body. The Governing Body may decide that part of the unrestricted funds shall be used in future for a specific purpose and this will be accounted for by transfers to appropriate designated funds. Restricted funds comprise gifts, legacies and grants where the donors have earmarked funds for specific purposes. They consist of either gifts where the donor has specified that both the capital and any income arising must be used for the purposes given or the income on gifts where the donor has required that the capital be maintained and the income used for specific purposes.

Harris Manchester College
Statement of Principal Accounting Policies
For the year ended 31 July 2014

Fund accounting (*cont.*)

Permanent endowment funds arise where donors specify that the funds should be retained as capital for the permanent benefit of the College. Any income arising from the capital will be accounted for as unrestricted funds unless the donor has placed restricted the use of that income, in which case it will be accounted for as a restricted fund.

Expendable endowment funds are similar to permanent endowment in that they have been given, or the College has determined based on the circumstances that they have been given, for the long term benefit of the College. However, the Governing Body may at their discretion determine to spend all or part of the capital.

The College has substantial long-held historic assets all of which are used in the course of the College's teaching and research activities. These comprise listed buildings on the College site, together with their contents comprising works of art, ancient books and manuscripts and other treasured artefacts. Because of their age and, in many cases, unique nature, reliable historical cost information is not available for these assets and could not be obtained except at disproportionate expense. However, in the opinion of the Trustees, the depreciated historical cost of these assets is now immaterial.

18 FUNDS OF THE COLLEGE DETAILS

The following is a summary of the origins and purposes of each of the Funds

Endowment Funds - Permanent:

College Endowment Fund

A consolidation of gifts and donations where capital and income, or only the income, can be used for the general purposes of the charity. Part of these funds may have been designated for a particular purpose by the Governing Body.

Endowment Funds - Expendable:

Scholarship Funds

A bequest where the use of the income is for a specific purpose so designated by the donor and which can only be used for that purpose or activity

Restricted Funds:

Development Fund

A consolidation of gifts and donations where both income and capital can be used for replacement and maintenance of the College functional buildings

Scholarship Funds

A consolidation of gifts and donations where both income and capital can be used for student scholarships

Designated Funds

Fixed asset designated

Unrestricted Funds which are represented by the fixed assets of the College and therefore not available for expenditure on the College's general purposes

Development Fund

Unrestricted Funds allocated by the Fellows for future costs of replacement and maintenance of the College functional buildings

The General Unrestricted Funds represent accumulated income from the College's activities and other sources that are available for the general purposes of the College

Harris Manchester College
Notes to the financial statements

20 TRUSTEES' REMUNERATION

Trustee remuneration

The trustees of the College comprise the governing body, primarily fellows who are teaching and research employees of the college and who sit on governing body by virtue of their employment.

No trustee receives any remuneration for acting as a trustee. However, those trustees who are also employees of the College receive salaries for their work as employees. Where possible, these salaries are paid on external scales and often are joint arrangements with the University of Oxford.

Remuneration of salaried staff who also serve as trustees is determined by a remuneration committee comprising external Fellows who are not in receipt of a salary from the College.

Trustees of the College fall into the following categories:

Principal, Official Fellows, Professorial Fellows, Supernumary Fellows

The College Principal lives on the College site as part of the requirement of his post.

Some trustees receive additional allowances for additional work carried out as part time College officers.

These amounts are included within the remuneration figures below.

The total remuneration and taxable benefits as shown below is £568,858 (2012-2013 £600,858)

The total of pension contributions is £67,831 (2012-2013 £71,225)

Remuneration paid to trustees

Range	2013-2014		2012-2013

100,000-100,999			1	100,586
102,000-102,999	1	102,890		

13 trustees are not employees of the College and do not receive remuneration.

All trustees may eat at common table, as can all other employees who are entitled to meals while working.

Trustee expenses

No fellow claimed any expenses for work as a trustee.

Other transactions with trustees

Harris Manchester College
Notes to the financial statements
For the year ended 31 July 2014

There are no transactions with the trustees, other than as disclosed in Note 27.

Notes to the financial statements
For the year ended 31 July 2014

21 PENSION SCHEMES

The Scheme

The College participates in the Universities Superannuation Scheme ("the USS") and The Pensions Trust Growth Plan (PT) on behalf of its staff. The USS is a contributory defined benefit scheme providing benefit based on length of service and final pensionable salary and is contracted out from the State Second Pension Scheme. The PT is a money purchase scheme, which under the Pensions Act 2011 is treated as a defined benefit arrangement. The assets of USS and PT are held in separate trustee-administered funds.

The schemes are multi-employer schemes and the College is unable to identify its share of the underlying assets and liabilities of the schemes on a consistent and reasonable basis. Therefore, as required by the accounting standard FRS17 "Retirement Benefits", the College accounts for the schemes as if they were defined contribution schemes. As a result, the amount charged to the Statement of Financial Activities represents the contributions payable to the schemes in respect of the accounting period.

In the event of the withdrawal of any of the participating employers in USS, the amount of any pension funding shortfall (which cannot be otherwise recovered) in respect of that employer will be spread across the remaining participating employers and reflected in the next actuarial valuation of the scheme.

In the event of the withdrawal of any of the participating employers in PT, the amount of any pension funding shortfall (which cannot be otherwise recovered) in respect of that employer will be payable by the employer. As at 30 September 2013, Harris Manchester College's calculated liability in respect of such a withdrawal has been estimated at £182,259

Actuarial valuations

Qualified actuaries periodically value the Schemes. USS and PT were valued using the "projected unit" method, embracing a market value approach. The resulting levels of contribution take account of actuarial surpluses or deficits in each scheme. The financial assumptions were derived from market conditions prevailing at the valuation date. The results of the latest actuarial valuations and the assumptions which have the most significant effect on the results of the latest valuations and the determination of the contribution levels are shown in the following table

		<u>USS</u>	<u>PT</u>
Date of valuation		31/03/2011	30/09/2011
Date of valuation results published		15/06/2012	24/05/2012

Harris Manchester College
Notes to the financial statements
For the year ended 31 July 2014

PENSION SCHEMES (Cont.)

Notes

a. USS' actuarial valuation as at 31st March 2011 identified a funding deficit of £2,910m. USS has implemented with effect from 1 October 2011 a package of changes, including the admission of new members into a Career Revalued Benefits Section. Further details about the changes may be viewed on USS' website, www.uss.co.uk. After allowing for those changes, the actuary established a long term employer contribution rate of 12.6% of total pensionable salaries for the 2011/12 year, reducing over time. USS agreed with Universities UK, on behalf of all the employers participating in the scheme, to address the deficit by continuing the employer contribution rate at the previously agreed rate of 16% of total pensionable salaries (this being the rate paid by the employers since 1st October 2009) until 31st March 2017, following which the employers will pay an additional 2% of salaries in excess of the blended employer future service cost of accruals. The actuary has certified that the additional contribution should eliminate the deficit by 31st March 2021.

PT's actuarial valuation at 30th September 2011 revealed a shortfall of assets compared with the value of liabilities of £148 million, equivalent to a funding level of 84%. The Scheme Actuary has prepared a funding position update as at 30th September 2013. The market value of the Plan's assets at that date was £783 million and the Plan's Technical Provisions (i.e past service liabilities) was £1,003 million. The update, therefore, revealed a shortfall of assets compared with the value of liabilities of £220 million, equivalent to a funding level of 78%. If an actuarial valuation reveals a shortfall of assets compared to liabilities, the Trustee must prepare a recovery plan setting out the steps to be taken to make up the shortfall. A copy of this plan was sent to The Pensions Regulator on 2nd October 2012. Further details about the plan may be reviewed on the PT website www.thepensionstrust.org.uk. The proposed recovery plan aims to eliminate the deficit via a combination of additional contributions from employers and investment returns over a period of 10 years from 1st April 2013. Harris Manchester College's additional contribution was calculated at £6,366 per annum.

b. As the work on the 2014 valuation for USS is not yet complete the trustees cannot provide the final figure for funding as at 31 March 2014. However, an estimate has been provided using the assumptions to deliver the 2011 actuarial valuation/ On that basis the actuary has estimated that the funding level under the scheme specific funding regime will have fallen from 92% at 31 March 2011 to 85% at 31 March 2014. This estimate is based on the results from the valuation at 31 March 2011 allowing primarily for investment returns and changes to market conditions.

c. As noted above (note a.), the USS employer contribution rate required for future service benefits alone at the date of the valuation was 12.6% of total pensionable salaries. It was agreed that employers should continue to contribute at the previously agreed rate of 16% of total pensionable salaries (this being the rate paid by the employers since 1st October 2009) until 31st March 2017, following which the employers will pay an additional 2% of salaries in excess of the blended employer future service cost of accruals.

Sensitivity of actuarial valuation assumptions:

Surpluses or deficits, which arise at future valuations, may impact on the University's future contribution commitment. The sensitivities regarding the principal assumptions used to measure the scheme liabilities are set out below:

Assumption	Change in assumption	Impact on USS scheme
Valuation rate of interest	increase/decrease by 0.5%	decrease/increase by £3.2bn
Rate of pension increases	increase/decrease by 0.5%	increase/decrease by £2.0bn
Rate of salary growth	increase/decrease by 0.5%	increase/decrease by £1.2bn
Rate of mortality	more prudent assumption (mortality used at last valuation, rated down by a further year)	increase by £0.8bn

Pension charge for the year:

The pension charge recorded by the College during the accounting period was equal to the contributions payable as follows:

	2014 £'000	2013 £'000
Universities Superannuation scheme	74	78
Pensions Trust scheme	23	18
	97	96

FRS 17:

The schemes in which the college participates are either defined contribution or multi-employer schemes where the share of the assets and liabilities applicable to each employer are not identified. The college will therefore account for its pension costs for the scheme on a defined contribution basis as permitted by FRS 17.

Harris Manchester College
Notes to the financial statements
For the year ended 31 July 2014

22 TAXATION

The College is able to take advantage of the tax exemptions available to charities from taxation in respect of income and capital gains received to the extent that such income and gains are applied to exclusively charitable purposes.

23 RECONCILIATION OF NET INCOMING RESOURCES TO NET CASH FLOW FROM OPERATIONS

	2014	2013
	£'000	£'000

The College had authorised commitments at 31 July 2014 for future capital projects totalling Nil (2013 - £Nil) and contracted commitments of £750,417 (2013 - £1,620,967)

27 RELATED PARTY TRANSACTIONS

The College is part of the collegiate University of Oxford. Material interdependencies between the University and of the College arise as a consequence of this relationship. For reporting purposes, the University and the other Colleges are not treated as related parties as defined in FRS8 ("Related party disclosures").

Members of the Governing Body, who are the trustees of the College and related parties as defined by FRS 8, receive remuneration and facilities as employees of the College. Details of these payments and reimbursed expenses as trustees are disclosed separately in these financial statements.

The College has made equity housing loans to the following Fellows who are employees on the basis the capital sums repayable are linked to the value of the property on which the loan is secured.

All joint equity properties are subject to sale on departure of the trustee from the College and are classified as endowment investments in the balance sheet

	2014	2013
	£'000	£'000
Dr J Hordern	66	0
Dr A Alvergne	75	0
Prof Rorsman	200	200
	341	200

During the year trustee George Hudson managed the project to renovate 3 College Properties using advances from the College. A total of £570,000 was advanced in the year to 31 July 2014. In accordance with the terms of the contract this is categorised as a loan until invoices are raised to, and authorised by, the College. The amount included in other debtors at the year end is £207,373 (2013: £250,000).

George Hudson invoiced the College a net amount of £237,500 during the year in relation to work completed directly (2013: £Nil). The costs are included in fixed asset additions

The Governing Body have had due regard to charity Commission guidance on transactions with trustees.

There were no other related party transactions in the year.

28 CONTINGENT LIABILITIES

At 31st July 2014, the College had no contingent liabilities

29 POST BALANCE SHEET EVENTS

There are no material post balance sheet events
